MESSAGE FROM FOUNDER

My Dear Fellow

I am happy to present the 2021-22 Annual Report, reporting on core activities those were undertaken 23 years back are proving its impact and believing even better into the near future.

These past 18 months have been a testing time for everyone, particularly those who have lost relatives and friends or have struggled with the health impacts of COVID-19. Across ABC we have pulled together to support our people and the communities in which we live and work, to help each other get through these challenging times.

While the disruption caused by the COVID-19 pandemic has brought many challenges, it has also taught me some very important lessons. Such as the need to protect your people as best you can. The need to connect and keep in touch and the need to take time for yourself and balance your personal life with your work. As an organization we have also learned lessons, and I believe that Asha Bhavan Centre will emerge from the pandemic stronger, more focused and better positioned than ever to deliver on our purpose.

I want to thank all of my colleagues for their hard work and perseverance. And on behalf of everyone at Asha Bhavan Centre I would also like to thank the front-line workers who have been helping us in countless ways, as well as the scientists and healthcare workers who have developed and rolled out the vaccines that are saving lives and will enable the world to open up again.

I am thankful to our government, donors, Volunteers and well-wishers for their support, trust and faith in Asha Bhavan Centre. I am much hopeful in coming days Asha Bhavan Centre will continue the tradition of success and trustworthy in its all activities.

Thank you all again.....

SUKESHI BARUI

Founder cum Secretary
of Asha Bhavan Centre

COVER STORY

Putul Maity

Putul Maity was born in 1992 in a poor family of Barisha village near Kolaghat of Purba Midnapore districts. When the time came to stand and walk she was unable to do so and her mother moved her to hospital where the doctors diagnosed Putul as a victim of Quadriplegia, the severe weakness of muscle in her four limbs. The consequences lead Putul wheelchair bound for whole life. On the other hand, her father was a drunkard and wasted his income to purchase alcohol for his addiction. Her mother works as a maid servant to fulfill the basic survival need of the family of four members. So the life was very hard for Putul and her mother. 19 years ago Putul's mother got information of rehabilitation services provided by Asha Bhavan Centre, immediately she brought and admitted her in the residential home of Asha Bhavan Centre. Putul became a member of Asha Bhavan Family, having severe disability and unable to move, at that time Putul was not sure about her development. With extensive therapeutic and rehabilitation programs Putul slowly overcame her disability and able to live independently as a wheelchair bound person.

Overcoming lots of hinders, Putul gradually educated herself passing Higher Secondary Exam and then completed diploma in Education-Special Education (Mental Retardation) to help children with disability in society. At present she is working as a Special Educator of Asha Bhavan Center's Special School supported by DDRS scheme. Through my work I not only help other children with disability but also her earnings and enable to bring smiles in the grim faces of my family members. Though I am wheelchair bound, my limitation could not prevent me to move ahead in life and to lead a disability forum of Asha Bhavan Centre as Secretary and also the Member of Asha Bhavan Center's General Body.

Putul was nominated as Icon of Howrah District for Election Commission of India in the last West Bengal Assembly Election held on April, 2021 with the noble object to spread messages among Persons with Disabilities who are eligible voters to cast their own votes appearing in election booths.

In recognition of her achievement and contribution this year Putul received the Role Model Award from the Department of women and Child Development and Social welfare, government of West Bengal.

About Asha Bhavan Centre

Asha Bhavan Centre is a landmark nonprofit organization, working with marginalized community to uphold dignity, equity, and self-confidence in the society. The organization is working towards creating meaningful opportunities for social and economic development for ALL. In the year 1999 the organization founded by Smt. Sukeshi Barui with support and blessing of Mr. and Mrs. Dominique Lapierre is moving to establish an Inclusive society with a team of dedicated professional and social activist. We run several social development activities with the support of the Government and civil society partnership.

Asha Bhavan Centre is recognized by Department of Woman and Child Development & Social Welfare, GoWB, The National Trust Gol and Department of Empowerment of Persons with Disabilities under MoSJE, Govt. of India.

WHAT WE DO ?

Our programmatic area

Rehabilitation for the Person with Disabilities

- **Early Detection and Early Intervention** – Baby's early years are some of the most important years for their development, which is why early detection and early intervention are so critical. In the first years of baby's life, their brain has a tremendous ability to learn and create new neural pathways. Early support for children with disabilities is crucial but frequently unavailable in low-resource settings like our society. We implement a programme of early detection and intervention for young children with developmental disabilities in community level.
- **Rehabilitation** – Rehabilitation aims to support people to optimize their daily functioning to manage basic but essential skills, such as communication, mobility and self-care. The benefits of rehabilitation extend beyond basics to other areas of life, such as education and employment. While individuals and their families benefit most from rehabilitation, the community also gains as individuals with improved functioning participate more in their communities and can access education and employment.
- **Care and Protection** – The children with difficult circumstance including children with disabilities who do not have family support need life long care to maintain their life and protection from any harm. The J.J. Act made such provision for those child and protect their rights,
- **Awareness Generation** – Due to the stereotypes and discrimination surrounding people with disabilities in our community, the biggest roadblock is other people. Therefore, all of society needs to recognize the value not only those with disabilities bring to the table, and but also those who have been impacted. And since there is an overall lack of understanding and acceptance, raising awareness is necessary.

Education

Education is a powerful driver of development and one of the strongest instruments for reducing poverty and improving health, gender equality, peace, and stability. Around the world, children are deprived of education and learning for various reasons. Poverty remains one of the most obstinate barriers. Children living through economic fragility, political instability, conflict or natural disaster are more likely to be cut off from schooling – as are those with disabilities, or from ethnic minorities. Without quality education, children face considerable barriers to employment and earning potentially later in life. They are more likely to suffer adverse health outcomes and less likely to participate in decisions that affect them – threatening their ability to shape a better future for themselves and their societies.

Women Empowerment

Women's equality and empowerment (SDG 5) is one of the 17 Sustainable Development Goals, and is also integral to all dimensions of inclusive and sustainable development. Women's and girls' social and economic empowerment also contributes to their ability to pursue their right to a healthy life. Economic and social empowerment puts women and girls in a stronger position and gives them the agency to make decisions that promote their own health and wellbeing, as well as that of their families. Asha Bhavan Centre promotes the role of women in society with its various initiatives like, Training on rights, Advocacy, Vocational Training and Income generation Activities.

Humanitarian aid

It is assistance that's used to relieve suffering during emergency situations. This is different from development aid, which is assistance that goes to addressing ongoing issues that contribute to human suffering. Asha Bhavan Centre always respond to natural calamities and stand beside the sufferers human in society. This Year we support people affected in COVID19 Pandemic and Super cyclone Yaas.

Liaison and Networking

To provide various kind of rehabilitation support Asha Bhavan Centre established liaison and network with the government and non government institution in order to pass on information promptly and keep people informed to ensure co-ordination of effort and that work is done effectively.

Snehamoy Adak, a 6 years old child with Intellectual Disability lived in Barbangalpur village of Uluberia I Block of Howrah district. He lives with his parents and an elder sister. The father has a small shop in the village from which he earns a few to maintain his family.

In September 2019, Snehamoy Adak Admitted at the Special School runs by Asha Bhavan Centre under DDRS project. At that time he had delayed milestone with behavior problems and unable to sit for a period of time at one place. He was also unable to speak as per his age group. After provide special education, behavior modification and ADL management classes, now Snehamoy able to sit one place for classes. He speaks simple sentence and rhymes. Now his socialization skill and communication skill matched with other child at his age group. He can play with other children and greet people with TaTa Namashkar etc. He can write her name and address. He learned color and shape matching. He is also independent in eating, dressing and undressing. The parent is very happy and motivated by seeing the development of their child.

SPECIAL SCHOOL FOR CHILDREN WITH DISABILITIES

With the support of Association ADL, Switzerland, Asha Bhavan Centre also run Special school for Children with Cerebral Palsy, Locomotor Motor disabilities and Hearing Impairment.

The Special School programme has experienced qualified teachers working to develop cognitive, social – emotional abilities of children with disabilities the school also prepares students for their vocational skills as per individual abilities. The school follows the standardized curriculum, classroom management, student teacher relation and creates an environment for confidence building amongst the students.

Puja Rani a 13 year's old beautiful girl with 75% Intellectual disability. Her IQ Level is 44. She got admission in the Child Care Institute Children's Home, Kathila of Asha Bhavan Centre in 2018 which is supported by Associazione Amici di Dominique Lapierre in Ticino, Switzerland. We found her from Howrah railway Station as a runaway Child, and then we searched and found her family at Howrah Station. Both the Parents are Beggar, begging in train and platform, so they unable to keep and nourish the child properly.

When she admitted then she had speech problem. She needed more help in ADL Activity, her cognitive level was poor as per her peer group like counting, matching, shaping, shorting. Through special education and speech therapy, she develops her speech. She identifies colors, with verbal prompt she able to perform her Activities of Daily Living and now she is learning to write her name and address. She is good in sports. Puja has potentialities to develop and to become independent in life. She participated in several sports which organized by West Bengal State Government, Special Olympic Bharat. Special Olympics Bharat organized 5-A-SIDE National Football virtual competitions on 3rd September, 2021. Six athletes from Asha Bhavan Centre participated from West Bengal team. Puja was one of them. West Bengal team got highest score with 1069 points.

DISHA (Early Intervention and School Readiness Scheme)

Asha Bhavan Centre running the DISHA (Early Intervention and School Readiness Scheme) supported by the National Trust, Government of India. This day care scheme aims at setting up Rehabilitation Centers for early intervention for Person with Disability (PwD) in 0-10 years of age covered under the National Trust Act, through therapies, trainings and providing support to family members.

Three rehabilitation professionals including two care givers provide holistic services to 26 children with disabilities among them 20 children belong to Below Poverty line category. This centre is open 6 days in a week and hold regular counseling, meetings and training of the parents to make them capable for take care of their child and to promote inclusion in ongoing community development work.

Sabnam story in DISHA

Sabnam Parveen, born with complications, is a child with cerebral palsy. She got hospitalized at the age of 2.5 month for fever and epilepsy. Her family identified problem when she was around 1 year.

When Sabnam was around 2 years old, she started to visit Asha Bhavan Center with her mother. She was dependent on her mother for all functional areas, she also had difficulties in talking. After assessment, we find out the abilities and needs of Sabnam and made the holistic rehabilitation plan for her optimum development.

At present, she is 8 years old and live with nuclear family in Hatgacha Village, under Uluberia Block of Howrah District. Sabnam's father Afsar Khan is a daily labour, he earns meagre to maintain the bread and butter for the family. After regular therapy treatment and ADL management program, Sabnam became able to walk independently with AFO, she can do daily living activities minimum support. The Special Education Support help her to cope the normal school education. She is reading in class II in her village government school.

Her family, and community of Sabnam is glad to see the development in her life and hope she will continue studying and will be able to achieve education ,become independent in life.

Orthopedic workshop

With the support of ADL Board, Asha Bhavan Centre run Orthopedic Workshop for better mobilization of Children and Persons with Disabilities. Through Orthopedic Workshop we provide Aids & Appliances, Special Chair, individualized modified Wheelchair and Tri Cycle etc. to the beneficiaries of Children's Home, Special School, Community Rehabilitation Centre under Community Based Rehabilitation program and also direct support to persons with disabilities in poor community.

Sajjad Mallick 35 years old lives in Khajukti, baganan Howrah district. There are total 6 member his family. He has completed class X. At the age of 3 years, Sajjad affected by Polio virus which caused Right Post Polio Residual Paralysis and make him a person with locomotor disability. As a result Sajjad was able to stand, walk independently. From Asha Bhavan Centre's He received Physiotherapy and from Orthopaedic Workshop and they provided a Right Knee Ankle Foot Orthosis, these effort and support made him able to walk independently, to complete his education and earning member his family. Now he has completed class X and works as a tailor which gave him economic independency and self esteem.

Community Based Rehabilitation

Due to the remoteness and lack of accessibility of services, a large number of people with disabilities cannot benefit from rehabilitation services in rural areas. Indeed, even though 70% of the Indian population lives in rural areas, the vast majority of rehabilitation centers are located in cities. As a result, people with disabilities are neglected by their families and marginalized.

Considering the felt need, ABC designed its CBR program in remote areas of West Bengal districts (Howrah, Murshidabad and Coochbehar in West Bengal), to reach those marginalized people without services access. This project promotes therapeutic and special educational intervention program for disabled children in the community, involving the parents from the beginning to the end as equal partners in the rehabilitation process.

This project also ensures parent and family empowerment, community mobilization and opportunity for children with disabilities in the community.

Project Goal:

Enhance the capacity of Children with Disabilities within the community to live a quality full life with dignity and self-respect and ensure their Human Rights.

Specific Objectives of the project:

- To enhance the capacity of children by providing qualitative rehabilitation services.

LEAP-CP : Learning through Everyday Activities with Parents for infants at high risk of Cerebral Palsy

The LEAP-CP program is a community-based, goal-directed active strategies and environmental enrichment intervention delivered by peers in the home.

Through this program, infants at high risk for cerebral palsy who are less than one year old are identified for intervention. Infants will be assessed at baseline using standardized questionnaires and assessment tools, and after the intervention using questionnaires and direct measures. The primary hypothesis is that infants who receive LEAP-CP will have higher scores on the assessment test. Secondary outcomes include the infant's functional motor, cognitive, visual and communication development, the infant's growth and the mother's mental health.

LEAP-CP location:

- Uluberia I & II
- Bagnan I & II
- Shyampur I & II.

Community disability workers visit the home at 10-day intervals.

The intervention includes :

- Coaching and training of parents to support their child's holistic development from an early age (learning, maternal mental health and bonding, feeding and nutrition).
- Therapeutic modules (goal-directed active motor/cognitive strategies and LEAP-CP games).

"SADHANA" Woman empowerment with economic independency

Women empowerment with economical independency: Women participation and empowerment are fundamental women's rights to enabling women to have control over their lives and put forth influence in society. Women often face discrimination and gender inequalities, with some women experiencing multiple discrimination and exclusion because of factors such as background, disability or caste. According India's constitution, women are legal citizens of the country and have equal rights with men. Because of lack of acceptance from the male dominant society, Indian women suffer immensely.

Inspired and supported by our beloved Philanthropist Paton Prof. Sankarnath Mukherjee Asha Bhavan Centre creates SADHANA an Inclusive skill development vocational training centre at our Kathila Campus. The aim is to provide skills and confidence to women from economically backward families and help them to achieve economic and social independence. We help them a step further so that they could do things on their own and earn their bread. SADHANA training centre provide various treads like Hand Made Jewelry Making Training, Tailoring Training, Handmade Paper Product Training, Organic Abir Making Training, Advanced Sanitary napkin Making Training. In collaboration with State government initiatives SWAROJGAR Corporation we trained hundreds women of SHG in the rural area and help them to become independent and empower.

Detail of course and beneficiaries of the FY 2021-2022

S1.No.	Training Course	No of Beneficiaries trained
1.	Organic Holi Making	07
2.	Tailoring	07
3.	Hand Made Jewellery Making	11
4.	Kitchen Gardening	15
5.	Hand Made Paper Making	07

School program

Education & Training Division of Asha Bhavan Centre under the auspices of Dominique Lapierre Education Project established ten Pre-primary and Primary schools in the remote rural villages of different districts of West Bengal with the objectives to provide quality modern inclusive education among children of poor and distressed families besides installing social moral and spiritual values in their minds. Five schools started functioning in the year 2005 while 5 others in the next couple of years. Schools impart education in accordance with the pedagogy and syllabus of Department of Primary Education, Government of West Bengal. In course of time all those schools with its strict disciplinary measures and quality education have gained trusts of guardians of school surrounding areas.

At the end of march 2020, the invasion of a virus SARS-COV-2(corona virus), led to promulgation of countrywide Lockdown. As per order of Department of School Education, Govt. of West Bengal, the physical attendance of students in classrooms was suspended

After some months with the lifting of partial lockdown teachers of 8 BVM chain of schools used to attend schools, interact with guardians about the study status of their kids and began providing study materials combining question with answer sheets to keep students glued to their study books. Two others schools namely BVM Katwa and Sajnaberia imparted studies through on-line mode.

During this period all schools conducted terminal examinations to evaluate the academic progress of the students and results published in time. Besides this, schools observed auspicious days with presence of all teachers and non-teaching with minimal presence of students.

When the waning of intensity of covid-19, Education Department, Govt. of West Bengal took initiative of beginning of class teaching activities by opening "Paray Shikshyalay" (education centre in the community), a move to impart education outside of classroom. All BVM chain of schools followed the initiative and started imparting education in the school adjacent grounds or verandah.

Finally, concerned department lifted the suspension order and classroom activities resumed in school classrooms with the physical attendance of students since middle of February, 2022.

School wise student's enrollment of all BVM chain of schools, including St Teresa's School till March, 2022:

School's Name	Boys	Girls	Total
Parbakshi	23	59	82
Marokhana	54	58	112
Laxmikantapur	34	35	79
Sajnaberia	190	95	285
Katwa	138	126	264
Sekhalipara	110	102	212
Natunhasanpur	39	38	77
Bhalkundi	53	42	95
Bishnupur	52	48	100
Pachagorh	48	52	100
St. Teresa's School	40	34	74
Total	781	689	1470

Supplementary Education Program

To provide supplementary coaching to primary class students of poor and distressed families attending public schools. Till the pre- pandemic period 31 coaching centres were run in full swing. Students of poor families attending coaching classes and preparing school tasks and appearing public schools on an elated mood. Gradually drop out ratio to Zero on the project catchment area and gained trusts of guardians, Village education committees. Students completing primary education got admitted in local high schools and pursued higher education. Many completed graduation and entered in white color job sectors leading a creditable life holding their heads high in the society.

But meanwhile some unavoidable circumstances aggravated the academic picture grim. The pandemic due to coronavirus has affected everyone similarly in different capacities. Guardians become jobless. Students seem unmindful in education owing to closure of schools and moving aimlessly in search of daily wage jobs to help their parents for daily family expenses. The situation further worsened with the announcement of closure of the project, although 5 centres kept open where buildings were built on organization's own land with the support of AVTM. Never has so many children been out of school at a same time for the same reason disrupting learning especially for the most vulnerable and marginalized section.

Sl No.	Name of Coaching Centre	Number of Students
1.	<u>Rajibpur, Shyampur II, Howrah</u>	13
2.	<u>Amordaha, Shyampur II, Howrah</u>	24
3.	<u>Sitapur, Shyampur II, Howrah</u>	24
4.	<u>Naoda, Shyampur II, Howrah</u>	22
5.	<u>Ganeshpur, Shyampur II, Howrah</u>	13

Supplementary Nutrition Program

To provide nutritional supplementation support to the children suffering from acute malnutrition and bring them out from potential danger.

The program with gracious support of AVTM, France intends to nourish the malnourished babies and children of poor and distressed families of rural Howrah District providing micro nutrients foods enriched with protein vitamin and minerals. In collaboration with Community Based Rehabilitation field officers who targeted the poor malnourished babies in the community and referred to the nutritionist of Asha Bhavan Centre, who after measuring in adequacy in terms of weight growth provides necessary nutritional foods. Every fortnight the growth chart is reviewed and nearly 100 babies (both male & female) are benefitted per year through this project. This apart awareness programs are regularly arranged with participation of all beneficiaries' mothers where mothers made aware by the nutritionist to follow directives.

During lockdown period due to Coronavirus the project team reached at the door of the beneficiaries and provide dry ration and musk and sanitizer. Instead, the nutritionist routine wise measuring the growth index of special needs children of Kathila Children's home of Asha Bhavan Centre.

The State Nodal Agency Center (SNAC)

The National Trust itself has very limited staff and infrastructure. However, the National Trust has to fulfill its objectives and to broaden its sphere of working in every State therefore a State level representative has to be appointed in order to sustain the momentum in long run. For the reason every state there is a State Nodal Agency Centre (SNAC) of the National Trust and in West Bengal Asha Bhavan Centre is working as the SNAC since 2017. As a SNAC we are closely working with the concerned department of Government in state and districts level and also with the National Trust Registered organization.

Role of Asha Bhavan Centre as SNAC:

1. To assist Registered Organizations of the National Trust (ROs) in implementation schemes of the National Trust.
2. To coordinate and liaison with State authorities and officials for ensuring convergence with various State & Central scheme and programmes for PwDs.
3. To work as vibrant “knowledge centres” for disability related information, best practices, research and development and other issues of your state.
4. To work for sensitization & awareness generation in the community and empowerment of PwDs.
5. Mentor Training for Self Advocacy
6. Training programme for Legal Guardians

Activities as the State Nodal Agency Center

Formation of State Level Coordination Committee (SLCC) and SLCC meeting	In the chairmanship of Principal secretary of Department of WCD&SW Govt. of West Bengal along with the Disability Commissioner for PwDs, Director of Social Welfare and other members we formed the committee and held quarterly meeting to discuss various implementation issues of the national trust in the state and resolve with the committee.
Meeting with Registered Organization of the national Trust	This year we hold two physical meetings and 3 virtual meetings with 49 Registered organization and discuss the issues of implementation of activities of the NT through the ROs.
Parents Training Programme	We organized a series of parents training programme in various place from hills of Kalimpong to Sundarban Areas. More than 600 parents were sensitized on Legal Guardianship and NIRAMAYA health insurance scheme.
Assist District administration	We hold LLC meeting with the 23 district administration especially with the concern District Social Welfare Officers regarding online Legal Guardianship application disposal and other issues.
Sampark Scheme Implementation and Monitoring	The National Trust has launched Sampark- 'In the Hour of Need' scheme from 1st August, 2021. 17 No of Ros working in 08 Yass affected districts. SNAC frequently workwith the ROs to effectively implement the Scheme and communicate with The NT office as and when Necessary.

Asha Bhavan Centre stand beside the corona affected PwDs

The COVID positivity surge very high peak in the 2nd wave in our country, the positivity number has rapidly increased that our medical system is unable to cope such huge number of cases, As a result we faced run out of bed, and oxygen supply. In this crisis period the person with disability suffered more and was vulnerable to get medical support in case of emergency.

With the support of Amici di Dominique Lapierre in Ticino, Switzerland, Asha Bhavan Centre set up an isolation Centre of 50 beds capacity with oxygen facilities for free of cost for the person with disabilities in its Kathila, Uluberia campus. We arranged dedicated nurses and doctors to look after the patient and also arranged 24 hour online medical consultation facility for the Patients in isolation in the centre. Not only that Asha Bhavan Centre provided 20,000 liter oxygen to a CCI residential home for children with disability run by

an NGO named CHIRANABIN in Howrah District as some of their inmates affected by COVID and needed Oxygen. Asha Bhavan Centre also created provision for home based oxygen supply to the person with disability in howrah district who will need for their life support in corona infection.

We also provided food materials, Covid protection materials to around 1000 beneficiaries during this period.

We arranged several vaccination camps in rural villages for vaccination of mothers of disable children and Persons with Disabilities. We also promote “Duare Vaccine” program with the help of Department of Health & Family Welfare, Govt. of West Bengal and reached door to door to complete vaccination of old peoples and persons with disabilities. Around 1800 persons were vaccinated through those vaccination camp.

Some Mejr initiatives of the year

Scheme of Fund for Regeneration of Traditional Industries (SAURTI) - Scheme of Fund for Regeneration of Traditional Industries (SFURTI) is an initiative by Ministry of MSME to promote Cluster development. Khadi and Village Industries Commission (KVIC) is the nodal Agency for promotion of Cluster development for Khadi. In collaboration with District Industrial Centre Paschim Midnapore under the Directorate of Micro, Small and Medium Enterprise (MSME) Asha Bhavan Centre initiated project land and identification of Artisans. Around 600 Artisans of Different GP of Mohanpur Block of Paschim Midnapore district identified for the project. We are positive for the final approval for the cluster work in the coming year 2022-2023.

Integrated Child Development Programme - To decrease the rate of child Malnutrition, and fulfill the vision of our chief Paton Prof. Dr. Sankarnath Mukherjee 'Kuposhanmukt Bharat' we started the Integrated Child Development Programme. This project will provide pure cow milk to the malnourished children, for the purpose we started to construct the cow shade at our Keoradanga campus. On 14th November 2021 on the eve of children's day shri Purushattam Agarwal laid the foundation stone of the cow shade construction.

Some Mejr initiatives of the year

The Child Care Institutions as envisaged under the Juvenile Justice (Care and Protection of Children) Act, 2015, empowers the State Government either by itself or in collaboration with voluntary organizations to set up homes in every district or group of districts for the reception and residential care of Children in need of Care and Protection (CNCP) and Children in Conflict with Law (CCL). These CCIs shall serve as a home away from home and provide comprehensive child care facilities to children for their all-round development till the children's social re-integration through non- institutional care. They shall work towards enhancing the capabilities and skills of children and work with their families (in case Child has family) with the view of facilitating their reintegration and rehabilitation into mainstream society.

Asha Bhavan Centre has taken an initiative to build a Child Care Institution at Keoradanga, South 24 Parganas District of West Bengal as per the project guideline. With the support of Foundation Gertrude Hirzet (The Donor) Through Objectif France Inde, we had started constructing Child Care Institution.

The World Health Organisation endorsed the concept that health and functional ability can be influenced through physical activity and sport as a daily component of everyday life for all individuals, including those with a disability. To develop the sportsmanship in the children with disability and children in difficult circumstance and promote opportunity for the Sports for All in unified manner. in collaboration with 'FONDAZIONE MILAN', Asha Bhavan Centre takes an initiatives to develop a Unified Sports Academy in Kathila Campus. ABC have a playground at Kathila Campus which need to be develop as a Basketball Court which will help to introduce games like Basketball, Hand Ball, Floor ball, Bocce and Badminton.
