- We develop 48 human resources to work in the field of special education.
- We networking with 46 NGOs under The National Trust.

Message from Secretary's Desk.

Dear ALL,

Once again, I feel honored to be asked to write an introduction to the Asha Bhavan Centre Annual Report 2018-2019. I am very happy and proud to share that Asha Bhavan Centre completed 20 years of existence in December 2019! No doubt this journey has had its share of challenges and disappointments but with it came good learning which both strengthened our skill sets and our abilities to deal with adversity. We are pleased with our progress and look forward to the third decade.

As we move ahead of another decade, it gives me great pleasure to share with you some of our recent experiences, challenges and achievements. From our humble beginnings in 1999 in one remote village, we have continued to play the role of a catalyst in mobilizing and empowering the marginalized communities through increased range of programmes and activities to address the root causes of issues like poverty, educational and Awareness that hamper the realization of their civic and human rights.

And we are closely working with Government of India, Government of West Bengal, INGO, Universities, NGO, Foundation and Individuals for the upliftment of the Children, Women and Person with Disabilities (Divyangjan).

As always, the challenges have been many, but as our vision gets transformed to veracity, many hurdles are watered down. We would not be reporting such progress if it were not for the unfailing support and contributions of our friends and supporters. I take this opportunity to thank our supporter our collective dream and financial support and contributing their precious time and thoughts towards the realization of our mission and objectives.

Your hard work and dedication have brought positive changes to our organization. It is an honor to have such an amazing employee working for us. We would like to thank you for all the creative work for the projects. Without your creative mind, it would have not been possible to achieve such a high target.

My heartiest thanks to my board members, Patron for giving me the opportunity to continue the position and represent them. Lastly I convey my heartfelt love to all the children, women and persons with disabilities to being with us.

With love and regards,
Sukeshi Barui, Founder cum Secretary.

Message from Dr. Giovanni and Mrs. Marialuisa Pedrazzini.
Amici di Dominique Lapierre in Ticino, Switzerland.

To our Indian family,
with love! Thank you to
all for all! We will go on
together!

Pedrazzini

**Message from the board of AVTM.
Les Amis Des Villages Du Tiers Monde (AVTM), France**

Dear friends of ASHA BHAVAN CENTER

Dear Sukeshi and John-Mary,

Greetings from AVTM - Paris

The board of AVTM is a small link in the chain of friendship between the faithful French donors and the dedicated teams of ASHA BHAVAN CENTER who are doing a wonderful job to help the poor. We are happy to have been able to accompany you and share with you the life of all your protected inmates throughout this year 2018 – 2019. Rest assured that our dearest wish is to be able to accompany you as much as necessary.

Well fraternally

The board of AVTM.

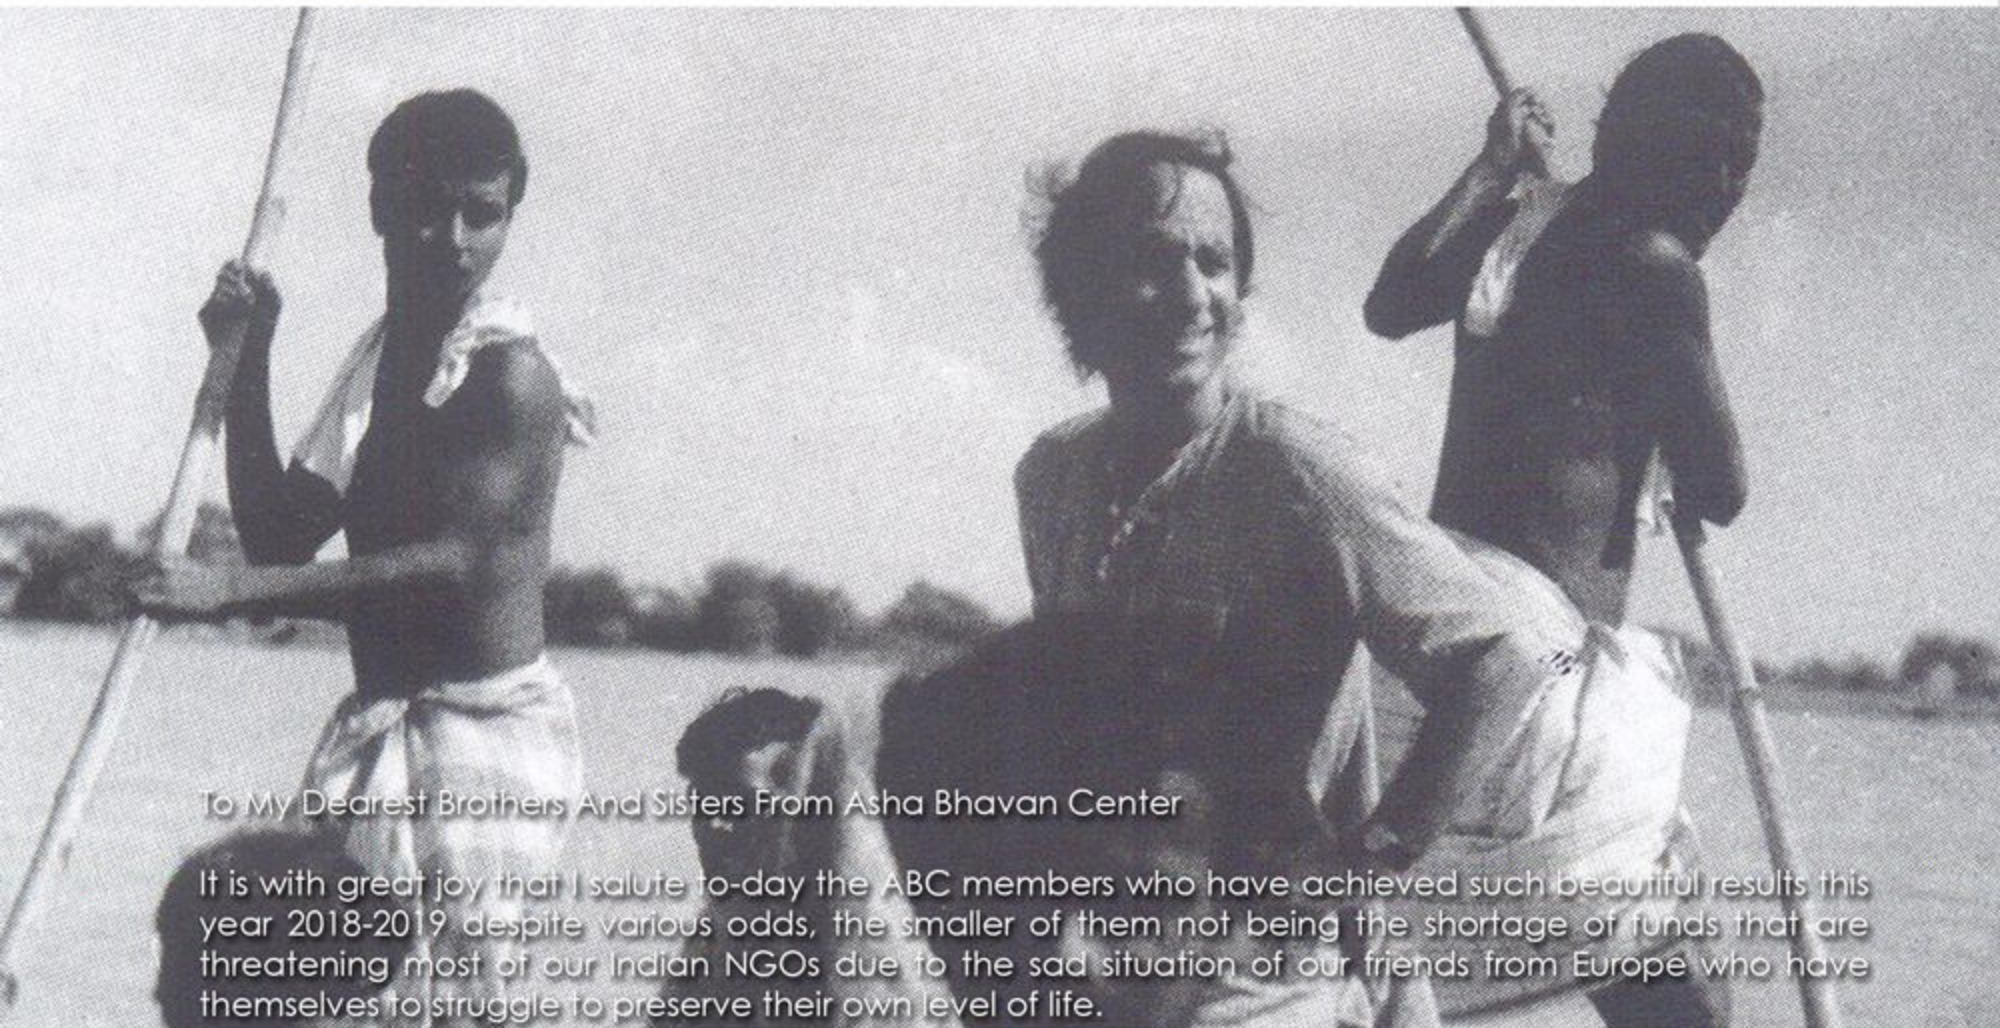

A.V.T.M.

Social Spiritual Advisor.**

To My Dearest Brothers And Sisters From Asha Bhavan Center

It is with great joy that I salute to-day the ABC members who have achieved such beautiful results this year 2018-2019 despite various odds, the smaller of them not being the shortage of funds that are threatening most of our Indian NGOs due to the sad situation of our friends from Europe who have themselves to struggle to preserve their own level of life.

It is remarkable however that ABC succeeded to convince various Government agencies to help their workers to increase the number of the children differently able, most of them orphan. It was a real challenge, and everyone can see by now how ABC has grown and perfected the various projects it has started some years ago. The core of the Organization remains what her founder cum Secretary dreamt at the end of the last century. But our dear Sukeshi Barui, along with her son who is my Godson, have both beautifully motivated their co-workers to increase their efficiency to satisfy the somewhat difficult rules of the Government.

Although myself unable to come often due to my declined health, I remain witness of the value of their work despite the challenges. Very few NGOs can succeed to pass from foreign aid to local governmental support. ABC is an example for that also, as well as for the yeoman service they are rendering to Howrah people, without forgetting, through a group of remarkable schools in several Districts, to join education to the social rehabilitation of those who have no one to look after, especially in rural areas.

I praise ABC without hesitation, and pray so that the Almighty Lord of Mercy and Love may help them to overcome the new challenges that the close future reserves them. Because I know even better than them that several foreign donors will not be able to send the same amount of contribution this year. No one is responsible about it except the international situation, and nobody can change it.

But ABC has faced worst situations, overcome more challenges, and succeeded beautifully to continue its indefatigable work during more difficult periods. They shall overcome, and my gratitude is going to all those local people, organizations, and collective groups that have put their trust in ABC and continue to work with them.

May God bless all of them and make ABC once more this year a beacon of hope for all the destitute children. Our India to-day needs desperately more generous and dedicated people as a substitute to the hate atmosphere among the communities, to build an environment of true service of love for all, without any distinction.

With my whole admiration and blessings,

Bro. Gaston Dayanand
Social Spiritual Advisor

**Message from Dr. Prof. Sankar Nath Mukherjee.
Chief Patron.**

Asha Bhavan Centre (ABC) fosters

The development of under privileged children mostly in rural and tribal areas via our literacy, health care and vocational training schemes; mostly using rural technology. In addition we have started sports training at the Kathila Village campus by selecting young and healthy children in neighbouring villages. Some children are hearing impaired otherwise able to obtain gold, silver and bronze medals in Para Olympic and Special Olympics recently.

Our success will depend on three things:

- (1) A Caring attitude towards children.
- (2) Investment in human resource.
- (3) Passion for infrastructure development.

We believe in gender equality. Our focus is on menstrual hygiene and we produce and provide sanitary pad for adult girls. Our goal is to provide nourishment to poor children (at present 42% children below 5 years are malnourished). We also plan to provide health care to pregnant anemic women, which is highest in India. At present India has highest number of literate beggars and we hope our "SADHANA" Inclusive Skill Development Vocational Training Centre will develop their entrepreneurial skills and they will be able to write a different script than hunger and deprivation.

Kindly join our mission so that we all. Thank God that he has kept us on giver side.

Shankar Nath Mukherjee
Chief Patron, Asha Bhavan Centre

Works towards Disability and Inclusion:

Despite the progress made in recent years, persons with disabilities continue to face numerous barriers to their full inclusion and participation in the life of their communities. It sheds light on their disproportionate levels of poverty, their lack of access to education, health services, employment, their under-representation in decision-making and political participation. This is particularly more prevalence in the case of women and girls with disabilities. Main barriers to inclusion entail discrimination and stigma on the ground of disability, lack of accessibility to physical and virtual environments, lack of access to assistive technology, essential services, rehabilitation and support for independent living that are critical for the full and equal participation of persons with disabilities as agents of change and beneficiaries of development.

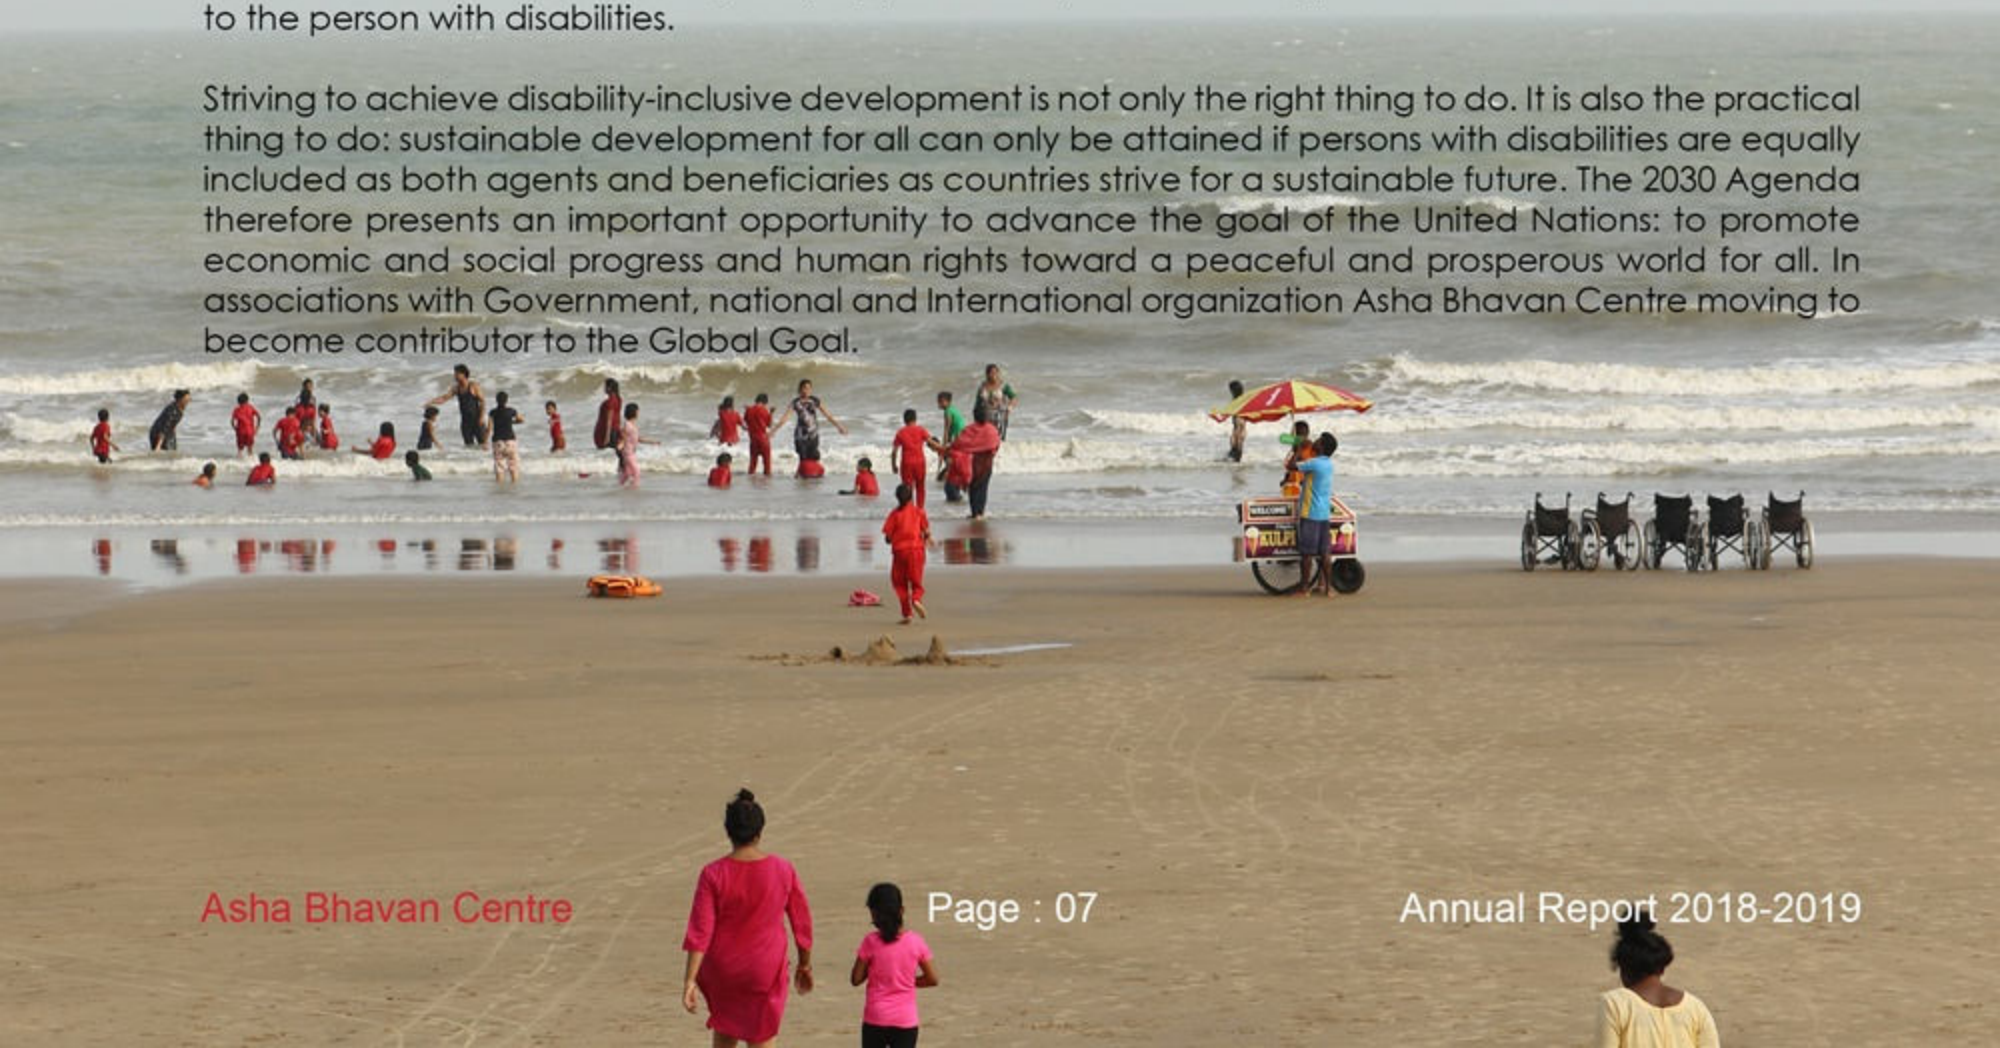

The 2030 Agenda for Sustainable Development and its 17 SDGs provide a powerful framework to guide local communities, countries and the international community toward the achievement of disability-inclusive development. The 2030 Agenda pledges to leave no one behind, including persons with disabilities and other disadvantaged groups, and has recognized disability as a cross-cutting issue, to be considered in the implementation of all of its goals.

The 2030 Agenda is guided by the purposes and principles of the Charter of the United Nations and grounded, inter alia, in the Universal Declaration of Human Rights and international human rights treaties. The 2030 Agenda is therefore linked to the Convention on the Rights of Persons with Disabilities (CRPD), and its implementation, by, for, and with persons with disabilities should be in line with the CRPD to incorporate the disability perspective in all aspects of its realization, monitoring and evaluation.

Asha Bhavan Centre, a registered social organisation that accept the pledge to leave no one behind, and reaching thousands of people with disabilities with various initiatives in rural India where there are no other services for them. The organization put its best efforts to take care of person with disabilities by providing them with residential care, medical and nutritional support, education support including special educational and non formal education, therapeutic support, vocational training including income generating activities, Community Based Rehabilitation and many more things so that they can lead an inclusive life and considers as an equal citizen of the country.

Asha Bhavan Centre is recognized by State Government, National Trust (a unit of Ministry of Social Justice and Empowerment, Govt. of India) and Ministry of Disability Affairs under MOSJ&E, Govt. of India as the best institute for dedicating services to the persons with disabilities. Over the last 20 years the organization played a pioneering role in initiating and augmenting services for people with disabilities and endeavored to meet the growing needs for children and adults with disabilities. The Organization consider in inclusive and participatory approach to promote the opportunities and install confidence to the person with disabilities.

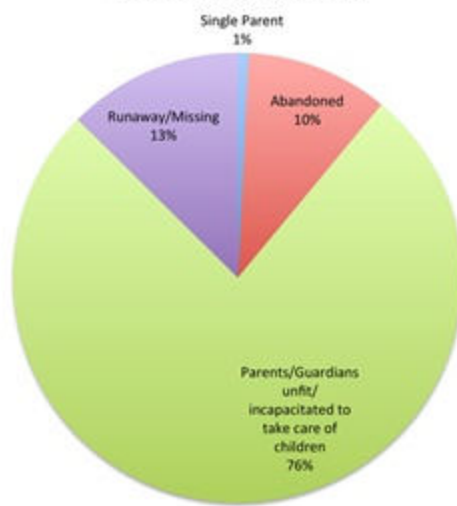

Striving to achieve disability-inclusive development is not only the right thing to do. It is also the practical thing to do: sustainable development for all can only be attained if persons with disabilities are equally included as both agents and beneficiaries as countries strive for a sustainable future. The 2030 Agenda therefore presents an important opportunity to advance the goal of the United Nations: to promote economic and social progress and human rights toward a peaceful and prosperous world for all. In associations with Government, national and International organization Asha Bhavan Centre moving to become contributor to the Global Goal.

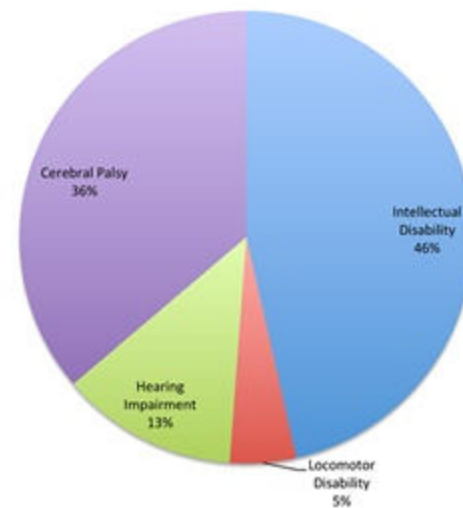

Child Care Institute for Girl's Children with Special Needs at Kathila, Howrah District:

We run Child Care Institute (CCI) Children's Home for Girls Children with Special Need (CWSN) under Juvenile Justice (Care and Protection of Children) Act, 2015 at Village Kathila, under Uluberia Subdivision in Howrah District for 300 CWSN Girls. The Children comes from the society who are abandoned, run away, missing child, sexually abused and incapacitated to take care of parents. Through this home we provide a complete holistic rehabilitation programme for the optimum development of the girls children with disabilities. The service ensures not only care and protection but also development of physical, mental, social, communication, and self help skills. This program a Government and Civil society partnership program under The Integrated Child Protection Scheme. Associazione Amici di Dominique Lapierre in Ticino, Switzerland are partly support of the project to provide excellent services for the rehabilitation of children with disabilities. 127 Number of Children with Special Need received service in the FY 2018-2019.

Categories of Children

Disability wise statistic of the children.

Rupa Pramanik,
Paralympic Athletes of India.

Rupa Pramanik is now 19 years. At five years of age she was admitted at this Child Care Institute, Asha Bhavan Centre. She is affected by Cerebral Palsy with 80 % disability. Her lower limb is more affected than upper limb. Due to her disability she was unable to do her daily living activities. But now she is become able to do her all daily living activities. She is a wheelchair user. Due to the poor financial condition of her family, her parents could not able to give her proper medical treatment and education. After admitting to Asha Bhavan Centre, Rupa's life has been changed and developing. Her disability cannot resist herself from achieving her goal. She is a good athletic. She stood third and got bronze in Shot-put in Paralympic India 2017. In 2018 Rupa received State Award for Empowerment of Persons with Disabilities in the category of 'Outstanding Sports Person' for her performance in athletics. Now She is reading in 10th standard from Karatberia High School. Rupa also received Howrah District Kanyashree Award.

Mangala Pramanik, her mother, is very much satisfied for this extensive service of Asha Bhavan Centre towards her disable daughter and as well contented to seeing the upgrading health status and educational career of Rupa.

Special School for Children with Disabilities:

The Special Education for locomotors, hearing Impaired Cerebral palsy and Autism is going on the Special School, supported by Associazione Amici di Dominique Lapierre in Ticino, Switzerland. 97 children with disabilities receiving special education support in the FY. 2018-2019.

Special education program customized to address each individual student's unique needs. Special educators provide a continuity of services, in which students with various disabilities receive multiple degrees of support based on their individual needs. It is crucial for special education programs to be individualized so that they address the unique combination of needs in a given student.

The special school of Asha Bhavan Centre catering for students who have special educational needs due to learning difficulties, physical disabilities or behavioral problems. The Special schools specifically designed, staffed and resourced to provide appropriate special education for children with additional needs.

The special schools provide individualized education, addressing specific needs. The student to teacher ratios is kept low. Special schools will also have other facilities for children with special needs, such as soft play areas, sensory rooms, which are necessary for treating students with disabilities.

School for Intellectual Disability under Deendayal Disabled Rehabilitation Scheme (DDRS)

The Special School for Intellectual Disability under Deendayal Disabled Rehabilitation Scheme (DDRS) for 60 Children with Intellectual Disability enrolled with this project and received special education for the development of Cognitive, Language, and communication, Social, Interpersonal and Life skills at Kathila Campus. A group of qualified professionals dedicatedly works with the children to bring them in the mainstream of society. But unfortunately, we have to mention that the department of empowerment of persons with disabilities under MoSJ&E is irregular to provide financial assistance to run the special school.

Orthopedic workshop:

Assistive devices are external devices that are designed, made, or adapted to assist a person to perform a particular task. Many people with disabilities depend on assistive devices to enable them to carry out daily activities and participate actively and productively in community life.

The Convention on the Rights of Persons with Disabilities, Articles 4, 20 and 26, asks States to promote the availability of appropriate devices and mobility aids and provides accessible information about them.

With the support of Associazione Amici di Dominique Lapierre in Ticino, Switzerland. Orthopedic Workshop unit of Asha Bhavan Centre provides assistive devices to the persons with disability since 2005. Not only from the centre we also organize mobile camps to provide services to the said that are unable to reach the workshop situated at ABC campus.

The department also develops strong community support, knowledge sharing and technical help; networking with other organization to work for promotion of Assistive devices.

Orthopedic workshop:

Make a difference Moni Gayen an 8 years old girl lives in a remote village name Anantapur of Howrah District. She lives with six family members and her father is daily labor. She was born with left lower limb short. The family was very upset to think about the future of the girl. Day by day she became older and uses to learn to stand, walk, but it was difficult for her to walk. Slowly she adopted to walk with Left lateral trunk bending for mobility. But due to so much trunk bending, she used to feel so much pain and get tired quickly. Her parents took her many places but they did not get a solution. Due to this problem, she did not get to admit to school. Later the father find us and in June 2018 brings her to our workshop. The professional makes her complete assessment and provided a Left Endoskeleton Extension Orthoprosthesis with a soft insert with SACH foot.

After the final trail check and gait training, when she was totally comfortable with Assistive device final delivery given to her with proper instruction on how to wear and taking care of the assistive device.

At present Moni can walk independently. She is going to school. And wherever she wants to go, she can go without restriction without feeling her body pain.

Mobility aid “Tri Cycle” Manufacturing Workshop.

Many people with disabilities have a major concern, the mobility issue. Plainly put, 'how are they going to get around'? Through technology there has been the creation of mobility aids like wheelchairs, rollators, tricycle etc.

Mobility aids help an individual with physical disability to walk or move from place to place. Mobility aids include items such as walkers, canes, crutches, manual and electric wheelchairs and tricycle. Asha Bhavan Centre already manufacturing other aids except tricycle since last 14 years. During our activities in community we felt the need of tricycle, which is very difficult to get for a person with disability in rural area. We also realize that this aid will not only help in moving but also create inclusion and opportunity for income generating activities.

In the month of January 2018 we get opportunity to work as a partner of Ali Baba and you to start a unit of workshop to manufacture tricycle for the Person with Disabilities (PwDs).

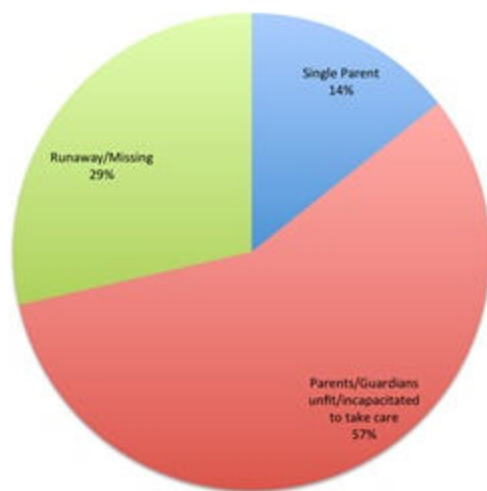

Mr. Guinnard Olivier, Mr. Guinnard Roger and Mr. Besuchet Pierre Alain along with Mr. Jean Marie Grillon of Association Ali Baba and you started training with two technician of Asha Bhavan Centre's. During the year we distributed 8 no of tri cycle to the PwDs.

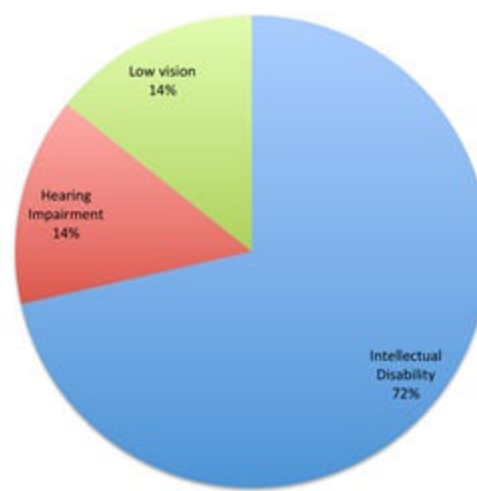

Child Care Institute for Girls Children with Special Needs (CWSN) at Keroandanga, South 24 Parganas District:

This is our 2nd Child Care Institute (CCI) Children's Home for Girls Children with Special Need under Juvenile Justice (Care and Protection of Children) Act, 2015 at Keroandanga, Bishnupur South 24 Parganas District for 100 CWSN Girls. The Children comes from the society who are abandoned, run away, missing child, sexually abused and incapacitated to take care of parents. With The support of Associazione Amici di Dominique Lapiere in Ticino,Switzerland this home we provide a complete holistic rehabilitation programme for the optimum development of the girls children with disabilities. The service ensures not only care and protection but alsodevelopment of physical, mental, social, communication, and self help skills. This Children's Home got PAB approval under The Integrated Child Protection Scheme from the month of January 2019. In the year 07 Number of Children with Special Need received service.

Community Based Rehabilitation (CBR)

The major objective of Community Based Rehabilitation (CBR) is to ensure that people with disabilities are able to maximize their physical and mental abilities, have access to regular services and opportunities, and achieve full integration within their communities. The basic principles of a CBR program for the PwDs include inclusion, participation, sustainability, empowerment, and advocacy.

Through this programme Asha Bhavan Centre is reaching out to hundreds of those marginalized unreached disabled population who are living in the remote villages in rural areas of different districts of Howrah, Hooghly, South 24 Parganas, Purba Midnapur, Birbhum, Murshidabad and Coochbehar of West Bengal.

We run 10 Community Rehabilitation Centre in the remote location of the districts, through these centers we provide holistic rehabilitation services to the children with disabilities, parents empowerment programme referral and liaison with community services. The programme also promotes inclusive education, sensitization of the community and opportunity for income generation activities including vocational training. Through Individual Sponsorship programme we provide various need based individual support such as educational, medical and nutritional support for basic survival needs in home based programme.

Over the last 20 years Asha Bhavan Centre has strived to meet the growing need for services for children and adults with locomotor disabilities, Mental Retardation, Cerebral Palsy, autism, hearing impairment and multiple disabilities in the community.

Les Amis Des Villages Du Tiers Monde (AVTM), France support the CBR activities in nine CRC and its supporting field activities and Concern India Foundation Supporting One CRC and its supporting field activities.

Make a difference

Adit Sinha

Adit Sinha Born in a happy low middle income family of Gajipur village of Amta block of Howrah district. The parents and family members were much happy with the new guest of that family; they enjoying the parenthood and saw beautiful dreams about the life and future of their only son Adit. But darkness prevailed when they noticed that Adit turned 6 month old but could not sit and not look physically capable as much as other child performed at that age. The parents rushed to the doctor and after some examination and test Doctor concluded that the child affected by Cerebral Palsy and there is no cure for the condition. Then doctor advised for rehabilitation programmes and therapeutic intervention. But where it would possible In such remote village how can they provide therapy to the child. Kolkata where the rehabilitation centre is around 80 Km from the house which is not possible for the parents to avail of the services from such a far place. When they were in hopeless condition same time Adit parents get information about our Amoragori Community Rehabilitation Centre, and they reached for services.

In 2016 December Adit was 2 years old first attend to our centre then he was unable to sit and did not make any communication. After assessment and intervention planning with the parents our professional suggested to attend the Centre Twice a week and continue the programme regular in Home. after three years rigorous intervention programme Now Adit can Sit independently and learning to stand, with gesture and sound he communicate with other.

Adit's parent is amazed by the progress and expect much more. They are well motivated and acquire knowledge and skills with our parents training programme about the CP and their intervention. They used to come the centre with Adit with smile and hope.

Disha

(Early Intervention and School Readiness Scheme):

Asha Bhavan Centre implementing the early Intervention Scheme namely DISHA Centre under the National Trust Support. Through this scheme, we provide support of early intervention school readiness programme to 26 children with disabilities age ranges of 0-10 years. The daycare facilities include Provision of Therapies, training and providing support to family members. Out of 26 children 23 children belong to Below Poverty Line family and 03 are in Low income group family. 15 children are also enrolled under Niramaya scheme.

State Nodal Agency Centre (SNAC), West Bengal:

The National Trust is a statutory body of the Ministry of Social Justice and Empowerment, Government of India, set up under the "National Trust for the Welfare of Persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities" Act (Act 44 of 1999). The National Trust itself has very limited staff and infrastructure. However, the National Trust has to fulfill its objectives and to broaden its sphere of working in every State and UT except J&K, therefore a State level representative as namely State Nodal Agency Centre (SNAC) set up in every state and UT in order to sustain the momentum in long run.

At present Asha Bhavan Centre selected as State Nodal Agency Centre (SNAC) for the West Bengal and successful implementing of the National Trust objectives for the benefit of the Person with disabilities.

Responsibilities of Asha Bhavan Centre as SNAC:

- Convergence with State Governments.
- Data / Information & Resource Centre.
- Inspection of NGOs, as per the instructions of the National Trust.
- Conducting of professional training.

Role of Asha Bhavan Centre as SNAC:

- To assist Registered Organizations of the National Trust.
- To popularize the New / Revised schemes of the National Trust in the State.
- To coordinate and liaison with different State authorities and officials for ensuring convergence with various State & Central scheme and programmes for PwDs.
- To work as vibrant "knowledge centers" for disability related information, best practices, research and development and other issues of your state.
- To work for sensitization & awareness generation in the community and empowerment of PwDs.

State Nodal Agency Centre (SNAC), West Bengal:

ROs Meet Under The National Trust.

Two RO meet were conducted in the month of February 2019. First meeting was held at Kathila's SNAC office for the ROs of South Bengal and other in Siliguri for the ROs of North Bengal. both the meetings were presided over by Mr. Debabrata Chattaraj, IAS state commissioner of disabilities, WB. The DSWO from different Districts were also participated in those meetings.

Niramaya (health insurance scheme):

Asha Bhavan Centre implementing the Niramaya (health insurance scheme) under The National Trust act, 1999. This scheme is to provide affordable Health Insurance to persons with Autism, Cerebral Palsy, Mental Retardation and Multiple Disabilities. In the FY. 2018-2019, 54 new children are enrolled under Niramaya scheme while 20 children claimed and INR. 129,706 received through reimbursement process.

RCI Approved Training Centre Diploma in Education Special Education (ID):

This course is designed to train persons who are committed to work with children who have neurological disabilities. The course structure provides for a comprehensive understanding of the varied needs of children with neurological disabilities and to meet those needs in a special school and regular classroom. There are very few courses in the country to train persons to educate children with neurological disabilities, especially cerebral palsy. This course has been designed to meet this growing need in the country. during the academic session 48 student under the program.

Research project on CP:

Asha Bhavan Centre in collaboration with the Queensland University completed the LEAP-CP research Program (Learning through Everyday Activities with Parents of infants with Cerebral Palsy), which adapted the clinical practice guideline to respond to these unique challenges facing families of a child with CP living in Low and Middle Income Country (LMIC). The LEAP-CP model included both early detection and early intervention which have been specifically tailored for the context. The early detection strategy utilizes the General Movements Assessment (GMs) and Hammersmith Infant Neurological Examination (HINE), two gold standard early detection tools based on systematic review.

The LEAP-CP intervention is a community-based intervention of active goal-directed strategies and environmental enrichment, delivered peer to peer in the home. It builds on the successful lay health worker model to provide a feasible, accessible and scalable early disability intervention for infants at risk of CP in the home. LEAP-CP was included parent education (learning, maternal mental health and bonding, feeding and nutrition), goal-directed tasks (including motor, communication and play), and learning games to promote cognitive development.

The research based detection and intervention programme under Queensland University in March 2019 which shows a very positive impact on the life of 42 children with CP and their mother and largely in the family.

Assistive Devices support for Divyangjan:

On 25th October 2018 Asha Bhavan Centre organized distribution camp of Assistive Aids and Appliances for poor & needy Persons with Disabilities (Divyangjan) of Howrah District in collaboration with IOCL HMRBPL under the corporate social responsibilities fund (CSR) and ALIMCO. The event with a large gathering was inaugurated by the Chief Guest Sri J.P Sinha C.G.M (I/C) Eastern region Pipelines & Guest of Honors Mr. Pulak Roy, Hon'ble M.L.A. and Dr. Nirmal Maji Hon'ble M.L.A. and other distinguished guests.

A total of 250 PwDs have been provided 1,047 numbers of aids and assistive devices manufactured by ALIMCO and distributed by IOCL HMRBPL, valued INR 20.60 Lacs (Approx.) These beneficiaries were pre identified and taken measurements through the assessment camps conducted on 14th August 2018.

Works towards Education and Inclusion:

Sustainable Development Goal 4 adopted: Quality education, Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

Since 2000, there has been enormous progress in achieving the target of universal primary education. The total enrolment rate in developing regions reached 91 percent in 2015, and the worldwide number of children out of school has dropped by almost half. There has also been a dramatic increase in literacy rates, and many more girls are in school than ever before. These are all remarkable successes.

Progress has also been tough in some developing regions due to high levels of poverty, armed conflicts and other emergencies. Children from the poorest households are up to four times more likely to be out of school than those of the richest households. Disparities between rural and urban areas also remain high.

Achieving inclusive and quality education for all reaffirms the belief that education is one of the most powerful and proven vehicles for sustainable development. This goal ensures that all girls and boys complete free primary and secondary schooling by 2030. It also aims to provide equal access to affordable vocational training, to eliminate gender and wealth disparities, and achieve universal access to a quality higher education.

Asha Bhavan Centre contributing Goal 4 of SGD and promoting quality education in most rural areas with the poorest families. Through primary school and supplementary education programme we are reaching thousands of rural kids to ensure their primary education and zero school dropout.

Primary School Bodhoday Vidya Mandir :

Under Education Program of Asha Bhavan Centre a chain of schools named Bodhoday Vidya Mandir (Enlightenment of Knowledge for Inclusive Education) runs 10 (ten) Pre-primary and primary schools in rural West Bengal with the Mission "Education for all children" since 2004 that imparts quality education amidst several challenges and opportunities. Considering as enabler to achieve goals of sustainable development as set by United Nations Development Program (UNDP), education project provides support through the formal education system in remote villages with initiatives of improving the general awareness of the villagers. Also motivating parents and community people through awareness camp and advocacy meetings to take participate in community mobilization and stretched networking with other educational institutions for a better concept of education. With the passage of time, the course curriculum has been redesigned in accordance with the new-age learning which embodied inclusivity and responsibility allowing dissemination of Knowledge, Access and Transparency.

Padma Bhushan Dominique Lapierre, Noted Writer and Philanthropist, in his extensive study on Indian society felt with his supernal vision that until there is education for all children, India couldn't progress. In view of this he expressed his desire to impart preprimary and primary education among children of distressed and poor families of remote rural Bengal by establishing 10 (ten) schools with all facilities of basic education. That was the beginning of Dominique Lapierre Education Project. At the starting period the scenario was too bleak to introduce academic process. People of adjacent villages of these schools are heavily dependent on agriculture, which is based on the vagaries of nature. At first they were reluctant to send their children to schools who sought the help of their kids as a helping hand in farming. Project management had to arrange extensive awareness camps to convince parents the benefits of education. The school provides Inclusive education with social, moral and spiritual values amongst the rural students, and empowers them for mainstreaming. Asha Bhavan Centre provides quality education and support with good educational infrastructure. This year nearly 2,303 student (Girls' 46.33% and Boys 53.67%) in the 10 schools, remote villages of the state to cater to the growing needs for quality education and protecting the children's rights. In 1st April 2018 The association « Ali Baba and You » and Lumino Foundation from Switzerland to extend its hand for support the disadvantaged six schools among ten to keep the activities going on to provide a quality education for students.

Safia Khatun: Lighting up life with Education:

Safia Khatun an ex student of Bodhoday Vidya Mandir, Sekhalipara, under Domkal block of Murshidabad district, completed her primary school education from this institution in the year 2010. Since beginning Safia shows her excel in academics. She belongs to a very poor family, father, the only earning member, is an agricultural labour although cannot work daily on account of his ill health. Out of school hours Safia helps her mother in household works. Seeing her helpless financial condition teachers always encouraged her by providing supplementary books with coaching. The supportive school environment helped Safia to pass successfully secondary examination in the year 2016 obtaining 75% and higher secondary examination with 88% marks in the year 2018. Presently reading in the 2nd year with geography honours in Domkal college. Safia likes to study more and dreams of becoming a social worker to help underprivileged like her to escape their grim destinies.

Primary School (Bodhoday Vidya Mandir):

Total Students of 10 (Ten) BVM School.		1,236	1,067	2,303

Supplementary Education programme:

Education is the basic requirement for human development. With education, employment opportunities are broadened and income levels are increased. The development of an individual and the progress of a nation depend on education. Based on the data from National Family Health Survey-3, it was found that only 75 percent of the children in the age group 6 to 16 years were attending school. About 14 percent of the children never attended the school and 11 percent dropped out of school for various reasons. It was observed that the dropout was high among the children belonging to Muslim, Scheduled Caste and Scheduled Tribe families. Parental characteristics also play a significant role in determining school education. The dropouts among the children belonging to illiterate parents were four times higher than that of the literate parents.

Asha Bhavan Centre concern this issue and implement supplementary education programme in the rural area of Howrah district and running 30 coaching centers in collaboration with local people with the support of Les Amis Des Villages Du Tiers Monde (AVTM), France. Through the programme we provide support of coaching to 907 kids (49% Boys 51% Girls) besides formal school education, create awareness about education in villages, organize various events to motivate the children, parents and community at large to remain in the education system and to reduce the factors of zero dropouts in schools.

St. Teresa's School:

Make modern educational system available in rural area we established The St. Teresa's School is an English Medium school situated at Brindabanpur, Chandipur, Purba Medinipur with superb infrastructure and a perfect ambience for your child to grow and learn in a convent school atmosphere. Nestled in The lush green surroundings of Brindabanpur St. Teresa's School is an ideal institution for effective schooling for boys and girls with minimum fees. The sprawling premises offer an excellent grooming ground for intellectual, social and spiritual development of an individual.

St Teresa's School with it's trained faculty aims at imparting practical, purposeful and joyful education to its pupils irrespective of caste, creed and religion. Our motto is to Give the best education with utmost care along with love and understanding to foster moral ethical values, strength of character and a sense of discipline in the young minds. At present we have 84 students who are enjoying the education with professional trained teacher and with a joyful learning environment.

Works towards Community Development:

The United Nations defines community development as "a process where community members come together to take collective action and generate solutions to common problems." It is a broad concept, applied to the practices of civic leaders, activists, involved citizens, and professionals to improve various aspects of communities, typically aiming to build stronger and more resilient local communities.

Community development seeks to empower individuals and groups of people with the skills they need to effect change within their communities. These skills are often created through the formation of social groups working for a common agenda.

Improving people's quality of life, especially those from marginalized and underserved communities is critical to achieving social improvement and sustainable growth. It is important for them to have the skills needed to advance in present economies, the freedom to live and work in safe and healthy environments and a voice to secure basic human needs.

Asha Bhavan Centre's vocational education work focuses on developing the labour market by equipping workers with green skills and ensuring that workplace practices, operations and management comply with environmental, healthy and safety standards.

“SADHANA” Inclusive Skill Development Vocational Training Centre:

To enable local unemployment youths and members of Self Help Group (SHG) Women including person with disabilities to participate optimally in society and at the same time to ensure that those unable to work have income security are involved in this program as trainees igniting their aspirations to be entrepreneurs, Asha Bhavan Centre's Vocational rehabilitation is made up of a series of services that are designed to facilitate the entrance into or return to work for economical independency and become a part of national growth. Some of these services include vocational assessment and evaluation, training, upgrading of general skills, career counseling, employment searches, and consulting with potential or existing employers for job accommodations and modification.

We provide various need based skilled training in collaboration with Swarojgar Corporation Limited, Government of West Bengal and in support of individual donors especially with the mission of Professor Sankarnath Mukherjee “SADHANA”.

Child Sponsorship Programs:

Child sponsorship programs focus on improving the well being of children in need, especially the most vulnerable group. As per need we provide Educational support, Health and Rehabilitations support for Children with Disabilities. 85 no of beneficiary under the program.

Mukhreja Khatun, Junior Research Fellow of Anthropology:

Mukhreja the girl with 80% locomotors disability live her life with difficulties as her mother passed away since long and her father married to other women so Mukhreja is living with her elder sister. After her Secondary examination we found her when she is about to quite her study, we linkage with her with sponsorship programme and with our regular support she start her education. At present she is pursuing final year of Master degree in Anthropology from Vidyasagar University.

We are glad to say that Mukheraja qualified the UGC NET June 2019 for Junior research fellowship and Assistant Professor.

The success of Mukheraja creates an example in the society we hope her bright future and show direction to other.

Works towards Health and Nutrition:

Poor health constitutes suffering and deprivation of the most fundamental kind. Over the years, significant strides have been made in increasing life expectancy and reducing some of the common killers associated with child and maternal mortality. Despite global progress, an increasing proportion of child deaths occur in many countries like India. We have made immense progress globally in finding newer treatments, vaccines, and technologies for healthcare, but universal affordable access to healthcare remains a challenge.

Not only does disease impact the well being of an individual, but it also burdens family and public resources, weakens societies, and squanders potential. The health and well being of people of all ages, therefore, lies at the heart of sustainable development. Protection from disease is not only fundamental to survival, but it enables the opportunity for everyone and strengthens economic growth and prosperity.

Sustainable Development Goal 3 "Ensure healthy lives and promote wellbeing for all at all ages". Asha Bhavan Centre took initiatives to promote general and mental health accessible and affordable for the poor rural community to create a healthy society for all. The organizational also focus on malnutrition to create a healthy child for a healthy society.

Dispensary (Out Patient Department):

Health is not everything but everything else is nothing without health. Since antiquity, India being the first state to give its citizens national health cares as a uniform right. However, in the present scenario, Indian rural health care faces a crisis unmatched to any other social sector. Nearly 86% of all the medical visits in India are made by ruralizes with the majority still travelling more than 100 km to avail health care facility of which 70-80% is born out of pocket leading them in poverty.

Poverty and poor health worldwide are inextricably linked. The causes of poor health for millions globally are rooted in political, social and economic injustices. Poverty is both a cause and a consequence of poor health. Poverty increases the chances of poor health. Poor health, in turn, traps communities in poverty. Infectious and neglected tropical diseases kill and weaken millions of the poorest and most vulnerable people each year.

Concerning the matter, Asha Bhavan Centre operates two Dispensaries with support of The Lumilo Foundation and Pierre Jacot, Switzerland where we provide General medical and Mental health at Kathila campus in Howrah District and Keroandanga campus, in South 24 Parganas District. We also organize various awareness programme related to health and nutrition.

Beneficiary at Kathila Dispensary:	No. of Clinic	Beneficiary Visit			
		Male	Female	Children	Total
General medical clinic run by Physician	78	308	586	1,824	2,718
Mental health clinic run by Psychiatrist	49	245	503	401	1,149
X-Ray	42	12	14	15	41
Awareness Program	4	41	66	22	129
Total	169	606	1,169	2,262	4,037
Beneficiary at Keoradanga Dispensary					
Mental health clinic run by Psychiatrist	48	423	483	52	958
Total Beneficiary in the FY 2018-2019					4,995

Supplementary Nutrition Program:

In India 44% of children under the age of 5 years are underweight. Malnutrition a major health concern issue, it is well-known that maternal, infant, and child nutrition play significant roles in the proper growth and development, including future socio-economic status of the child. Reports of National Health & Family Survey, United Nations International Children's Emergency Fund, and WHO have highlighted those rates of malnutrition among adolescent girls, pregnant and lactating women, and children are alarmingly high in India. Malnutrition is a complex issue for India. It is an example of how India is a nation of extremes. Many of the population live in poverty and are not able to obtain as much food as they need.

With the support of Les Amis Des Villages Du Tiers Monde (AVTM), France we serve 104 poor malnourished children provide nutritious and balanced food that contain high protein, vitamin and fat. we also arrange various awareness programmes related to mother and child nutrition. in the year we sensitize 104 parents.

Blood Donation Camp:

As a part of our social responsibility every year on 22nd December (Organization's Foundation Day) each year we organize Blood Donation camp in our Kathila campus. This year 73 staff members and community people voluntary participated and donate their blood to save life in danger. The programme organized with Calcutta Medical College & Hospital Blood Bank.

Organization Governance:

Asha Bhavan Centre is a Social Organization registered under West Bengal Societies Registration Act 1961. Governance is the need of the hour in the development sector in order to ensure and promote application of best management practices, compliance of law and adherence to best possible ethical standards. The entire management processes and practices of ABC are in compliance with the principles of 'Good Governance'. Smt. Sukeshi Barui is the Founder member of the society; General Body Members are elected to Governing Body. The highest decision making body is the Governing Body consisting of seven members. The Director of ABC in consultation with the Secretary, President and the Treasurer does day-to-day management of the programme.

The programme managers and Unit Heads are the implementing body of the projects running in ABC by putting shape to the policies and strategic plans. They all are working as per project plan in order by Governing Body.

Our Social workers, professionals, and technical resource persons, who work as a team to ensure that overall goals and objectives have been achieved. As of now, there are 258 personnel 8% PwDs in work force, who are committed to the vision of the organization reaching to the thousands and thousands of people in India.

Appeal to Join us: Without the consistent generosity of its donors, Asha Bhavan Centre would not have been able to reach out and support to so many PwDs, Children and Women as it presently do. Our donors are the centre of everything as we seek their support to reach out to the vulnerable lot who are usually been avoided and ignored. We also welcome Individual Donors, Government Grant in Aid, Foreign Contribution, CRS Active, and NGOs and INGOs partnership to create a Inclusive Society.

Volunteering with us: For more information on what we do and how you can become involved, please visit us www.abcindia.org, email us ancindia.sukeshi@gmail.com, Call us +91 9830047831/ 9073302201. <https://www.facebook.com/ashabhavancentre>
